About This Game

Prepare to lead your favorite school to championship glory as you experience the most realistic college football simulation on the planet. Feel the pressure of hanging onto your job while you attempt to lead your team to the biggest bowl game of the year. New options make it even easier to recruit, added depth gives you even more control over your playbook and on-field strategy or turn over whatever items you don't want to handle to the AI. Follow your players careers into the pros by exporting the draft classes to Draft Day Sports: Pro Football 2019

TOP 25 RANKINGS

Im a huge sim fan and a friend told me about the basketball series that lets you export draft classes from the college version to the pro version. This offers the same not to mention a great recruiting system unlike Bowl Bound and a pretty detailed menu layout also. Heavily enjoying so far.. Buggy and overpriced. Avoid.
